## Kitchen Cabinet Replacement

Application for replacement of kitchen cabinets shall include the following:

1. Two (2) drawings showing kitchen cabinet layout and elevation view.
2. Indicate all existing and new receptacles, including dimensions.
3. Plans must be reviewed by the electrical, mechanical, plumbing, building, and fire official (commercial properties).
4. Separate electrical, mechanical (if applicable), and plumbing permits will be required.
5. Building and Zoning Department Permit Application signed and notarized. Include linear footage and value of the work.
